

The hygiene caddy for added security in the office.

Today more than ever, companies have the responsibility to protect their customers and employees and to increase hygiene standards for this.

In waiting areas, conference rooms or directly at the workplace, the mobile hygiene caddy offers solutions such as hand sanitizer, face mask, tissues or gloves dispensers.

Simple and elegant design which will fit in any facilities.

The hygiene caddy is an adaption of werner works caddy's family and is available in single colour melamine white. The flap holds the holder for the hand sanitizer bottle and can be closed at any time.

Behind the lockable door there are 2 compartments for standard dispensers of face masks, tissues or disposable gloves. The top compartment is covered with a glass top. A waste disposal is integrated in the lower compartment.

The dispensers are secured with a wooden spring, that allows an adjustable depth.

Holder for 1000 ml Sterillium dispenser

The holder for the Sterillium dispenser is included in the scope of delivery and can be attached to the flap on site.

Contactless dispenser with a max. depth of 125 mm can also be mounted.

Dispenser for face masks, facial tissues or disposable gloves
